## English Testing

AHSI recommends a variety of English schools for English placement tests in various Australian locations to off-shore and on-shore prospective students.

Students or Agents are required to contact AHSI Student Support when requesting for an English Proficiency Test, which will be provided free of charge in the first instance.

- AHSI will provide details to the student on how to complete the English Proficiency test.
- Once proof of sufficient English proficiency has been received, AHSI will provide the student with a Letter of Offer and or Confirmation of Enrolment (CoE), provided all other required documentation has been received.
- A conditional Letter of Offer can be offered before the English test result is known.

## Can I enrol now and provide evidence of English proficiency later?

Yes. Many international students come to Australia to first study English and then study at AHSI.

AHSI is able to write a conditional Letter of Offer, on the condition that the student reaches the required level of English proficiency and supplies evidence of the proficiency prior to commencing their intended course.

It is a student's responsibility to only commence their course of study when they have reached the required level of English proficiency and have supplied proof of this. If the student or AHSI feels further English language studies are required, a deferment may be offered for students to complete further English language studies. In this situation the cost of deferment is subject to standard terms and conditions set out by AHSI.
